

Hamlin Club Boys Win With Stock

Larry Reynolds and James Bowman Stack Up Ribbons with Show Swine

With almost a complete sweep of prizes in the swine division of the Jones County Joint FFA and 4-H stock show held in Hamlin Saturday, the boys of the Hamlin contingent scored an overwhelming victory over clubs from Anson, Stamford and other communities of the county.

With a record list of entries and a banner crowd on hand to view the exhibited entries nature decided to smile on the event and the threat of rain on the open air show was dispelled.

Contrary to reports published in another newspaper, the stock exhibited by the boys in the show were in first class shape and they brought expressions of admiration from a well informed audience.

Pleasing feature of the show to spectators was the manner in which strong points of the animals displayed were described by H. C. Stanley, Taylor County Agent, and Frank Martin, Haskell County Agent, in announcing the winners. Stanley judged swine and beef cattle, while Martin picked the winners in lambs, capons and dairy cattle.

Winners in their respective exhibit classes are listed as follows:

County Teachers Meet Held At High School

A Jones County teachers meeting was held Tuesday night at the Hamlin high school at which John Dyer, Stamford elementary principal, presided.

Entertainment for the convales was furnished in an appearance of the Hamlin High School band.

I. R. Huchingson was asked to report on the meeting of school administrators which he attended at Atlantic City, New Jersey.

At a business session held in conjunction with the meeting, a group of voting delegates was selected. Huchingson was named as the Hamlin member of the delegation. This group will represent the Jones County organization at the Oil Belt Teachers association meeting at Wichita Falls March 8 and 9.

Following the business session a social hour at which doughnuts and coffee were served convened in the cafeteria.

Masons Lead State In Observation Of Public School Days

In support of the nationally proclaimed Public Schools Week, purpose of which is to stimulate outside interest in the problems that confront children and teach in daily school life, W. J. Burris, Grand Master of the Masonic order in Texas, has issued the following proclamation:

TO WORSHIPFUL MASTER:

The public school systems of America are dedicated to the purposes of providing an education to every individual within the limits of his capacity. They offer instruction for the development of wisdom, knowledge and reason in those who seek the light, and we, as Masons have a duty to see that they are used for that purpose only. We should, therefore, at all times observe the operation of our Public School, but it is particularly fitting that during one week of the year we should join with all citizens in emphasizing the importance of honest, intellectual leadership in, and proper physical equipment of, our places of instruction.

It is, therefore, my will and pleasure:

(1) That the week beginning March 5, 1951, be observed as Public School Week in Texas.

(2) That Masonic Lodges in Texas perform no "work" during said week and hold no assemblies as Masons, except stated meetings or those devoted entirely to matters concerning education of our Public School Week.

(3) That within the angle of their work, our Brethren visit the Public Schools during this week and attend some community program or ceremony devoted to that purpose.

(4) That within each Lodge a Public School Week Committee be appointed to acquaint all Brethren with my wishes in this respect and to cooperate with the schools and all others in developing appropriate programs of observation.

(5) That instruction will be sent from the Committee of Education and Service and that you cooperate and follow these instructions, as they are acting on my instruction.

(6) That this Proclamation be read in full at two slated meetings of each Lodge following the date of its receipt.

Honorable Governor Allan Shivers of the State of Texas and Mayor Mac Brundage of the City of Hamlin issued proclamations on Public School Week.

Miss Dell Gabriel has resigned her position with Reynolds Drug to accept employment with the Southwestern Bell Telephone Co.

Scout Program Has Shot In Arm From Club House Plans

Steps toward complete reorganization of the Boy Scouts of America in Hamlin have followed a distinct renewal of interest in the youth movement in Hamlin and a full program of work is in the process of being instituted.

Jerry Waggoner has accepted the post as scoutmaster for the local troop and Dr. William S. Seals fills the role of advisor to the Explorer unit.

New committees have been selected and they are being instructed as to their duties in the advancement of the activity locally. Billy Jack Owens will serve as assistant to Waggoner in the Scout troop and Kenneth Parker is chairman of the Scout committee. Committee members are E. M. Hames, Noel Weaver, Jack Osborne and D. T. Stevens.

Ben Townley serves as assistant advisor to Dr. Seals in the Explorer unit and Miller Whitehead is chairman of the committee. J. E. Johnson, Clyde Carroll, Inzer Stinnett, Clarence Bailey and June Jones will serve as committeemen for the group.

Mr. and Mrs. Joe B. Stevens have assumed the lead in the work of the Cub pack and formation of the remainder of their committee has not been announced.

An encouraging note in the new program of Scout activity is the start of work in the building of a hut on the City Lake. The city administration has donated a lake site for the building and materials are already being pledged for the project.

Mrs. Faye Young Morton has agreed to donate the rock from which the cabin will be built. The Hamlin Sand & Gravel Company will furnish gravel at their site. Tom Pritchard will haul gravel from the pits to the lake. General Crude Oil Company has volunteered pipe and reinforcing steel for the planned fireproof building.

Pete Bond has agreed to do the major portion of the welding. Kenneth Parker and Tom Vaughn will do the wiring and 70 sacks of cement have been assured from a source which desires no publicity. Additional pledges are being made daily and roofing and other incidentals are the principal lack at the moment.

Fathers, committeemen and the Scout leaders will meet at 7:30 on the evening of March 15 at the fire station for the purpose of forming plans for the local move.

Eleven Hamlin Boys Sell Show Stock Here

Eleven Hamlin FFA boys after showing their stock sold for \$2,810.57, according to Claude Blankenship, vocational agriculture teacher.

Eight calves were sold to Armour & Co. of Fort Worth with a total of \$2,810.57. They were: Don Crowley, 38c lb., \$278.16; James Jay, 38c, \$342.76; Jack Dutton, 37c, \$346.32; Jack Wright, 37c, \$315.98; R. L. Goodgame Jr., 37c, \$362.60; Don Elmore, 37c, \$326.71; Lee Maberry, 36c, \$347.40.

Three hogs were sold to the Gooch Packing Co. of Abilene for a total of \$169.48. They were: Paul Wick, \$22.75 cwt., \$60.28; Jimmy Ray, \$22.75 cwt., \$54.60; Doyle Brinegar, \$22.75 cwt., \$54.60.

Colored Red Cross Again Names Leaders

Mr. and Mrs. E. S. Morgan, Wilmoth Butler, Ethy Fay Ford and G. P. Ake have been named in charge of the Red Cross drive in the colored section of Hamlin. Report was made The Herald early Wednesday.

"Aunt Tillie Goes To Town" Junior Play Set For Curtain Tonight

Junior Class play, "Aunt Tillie Goes To Town" by Wilbur Braun will be presented at the Hamlin High School auditorium, tonight (Friday) at 8:00 p. m.

Cast of characters include the following: Aunt Tillie Trask by Laura Courtney; Lucinda Talbot by Susanne Hudson; Mervin Tucker by Jon Adams; Ronald Howland by Rex West; Lizzie Parsons by Barbara Posey; Pamela Marsh by Eleanor Huchingson; Luther Lorrimer by David Ford; Ellen Neeland by Janet Durham; Charlie One Lung by Frank Tucker; Mrs. Tillie Tucker by Sarah Jean; Dr. Hattie Bing by Glenna Brewer.

The play is under the direction of Miss Louise Mallory, class sponsor.

Stamford Victors At Practice Meet

In the first appearance of the season for the Hamlin Pied Piper track squad, the local contingent braved the elements to travel to Stamford to engage the Haskell Indians and Stamford Bulldogs, last Friday.

Final tally of points earned in the three-way meet found Stamford leading their neighbors by a comfortable margin. Personally responsible for the Stamford lead was Charles Gary who gained 114 points in the eight event card. Gary racked up victories in the 440, the 220 and anchored the victorious mile-relay quartette.

W. T. Stapler furnished the outstanding thrill of the practice event when he put on a tremendous burst to finish in front in the 880 over Johnny Webb of Stamford. Stapler trailed Webb until the final three yards but refused to be bested in his specialty. His time for the event was 2:16.1.

Asa Goodgame won the only hurdle race when he ran the highs in 18.4 and Charles Cowan ran a splendid mile race when he finished second to Maxwell of Stamford. This was the first competitive appearance for Cowan and he indicates that he is going to develop into a fine distance man for Hamlin.

Closest margin of victory for Hamlin was exhibited in the sprint relay race when Ronald Armstrong, Stapler, Goodgame and David Ford overshadowed the field to finish in front with time of 48.3.

Afternoon training sessions held this week have found the Pipers continuing to improve in their times and the squad went to Abilene Thursday afternoon to Abilene, Haskell and Stamford on the McMurry cinder layout.

Early season appearances point toward some stirring races to be run by Gary of Stamford and Sugar Green in the quarter-mile features and Coaches Burditt and Townsend are firm in their belief that Green will triumph over the Stamford star.

Connally Chosen As City Meter Officer

Charles E. Connally has been appointed as meter officer on the Hamlin police force and was patrolling the metered zones of the community this week.

Connally fills a vacancy created by the resignation of Cliff Crowley. Crowley has accepted employment with the production department of Texas Pacific Coal and Oil Company.

Bill Matchett, Joe Culbertson, Claude Blankenship and Harold Eades attended the Sweetwater chuck wagon feed staged by the Sweetwater Rotary club for farmers, ranchers and club boys on Tuesday night.

Hamlin Sorority To Lead In Red Cross Membership Drive

The annual drive for members to the American Red Cross had its start yesterday in Hamlin under the sponsorship of the Beta Sigma Phi Sorority.

Mrs. Jerry Waggoner serves as chairman of the sorority group which conducted an all-day drive Thursday to achieve the \$1,400 membership subscription goal for Hamlin this year. Mrs. Waggoner is assisted by Mrs. Jim Ballard as assistant chairman.

Ted Myers of Stamford is county chairman of the Red Cross for this year and Bernard Bryant, also of Stamford, serves as fund chairman.

High School solicitation will be under the head of the Student Council with Mrs. Austin Poe, sorority member, directing.

The drive of last year was led by Jack Russell of Hamlin and the Hamlin quota was solicited by the sorority with outstanding success. A more ambitious program is scheduled this year and Bryant is certain that the Hamlin group will be just as successful as in previous campaigns.

Campaign literature and publicity was late in arriving and the sorority was not able to perform preliminary work prior to the start of the solicitation.

Two Hamlin Men Go To Marine Corps

Two Hamlin youths, Lester Campbell and Bedford Andrew Putnam, have been accepted for enlistment in the U. S. Marine Corps and transferred to San Diego, California for recruit training, according to a report to The Herald.

The men were accepted at the Abilene Recruiting Station and were transferred to Dallas for a final examination and were sent to San Diego, California for "boot" training. They will be allowed a leave in eight or 10 weeks and upon completion of the training will be promoted to private first class.

Lester Eldon Campbell is the son of Mr. and Mrs. Thomas Campbell of Route 2, Hamlin. Bedford Andrew Putnam is the son of Mr. and Mrs. Sidney O. Putnam of Route 4, Hamlin.

Local Firms Feed Boys At County Stock Show

The Farmers and Merchant National Bank and the Midwest Cooperative Oil Mill were hosts to the boys who exhibited and handled stock at the Jones County FFA and 4-H Stock Show which was held Saturday in Hamlin.

The two institutions arranged with the Drive Inn Cafe to feed 170 boys and guests without cost at lunch on that day.

Dog Poisoning Perils Lives Of Tots On One Of Hamlin's Streets

Poisoning of children's dogs was going strong in the 100 block of Avenue B, according to a report received by The Herald.

Attention was called by a resident of the block, that there are several small children who play outdoors and who are the right size to pick up things and put them in their mouths.

The dog poisoner is asked to think of these facts.

Mrs. W. H. Gilbert and Mrs. A. A. Hackley are visiting friends in San Angelo this week.

Job Worry Leads To Murder of Family Of William K. Jones Here Monday Night

Tragedy is always remote from the community in which we live and no thought is given to the individuals involved other than to wonder what circumstances could have prompted such action.

Hamlin was confronted with a full realization of this fact late Monday night when William K. Jones, 58, a Santa Fe Railway section foreman, brooded himself into a self-confessed murderous frenzy and bludgeoned his wife and 12-year-old daughter to death. Thus a supposedly mild-mannered husband and father was transformed into a murder machine.

Jones had lived here and at other towns up and down this portion of the Santa Fe system and was known as a loving father to the child who had come late in life to the couple.

His lifetime had been spent in railroad employ and misfortune had faced him recently in his occupation. Bad weather had made maintenance of track a problem and a derailment had occurred. Jones was certain that he would be blamed for the derailment.

Belief is that he became frantic when he faced considering of a possibility that he would lose his position over the investigation of the derailment. So he had decided to resign. Mrs. Jones is said to have disagreed with him about resigning his position.

Monday night Mrs. Mamie Elliott Jones, 55, and the daughter, Lela Maude, 12, went to the movies and left Jones with his disturbed thoughts. When they returned a further discussion of the events that were praying on his mind took place. The mother and daughter retired and Jones is said to have prepared a letter of resignation to the Santa Fe. When that task was completed he went to a railroad tool shed nearby and obtained a gallon of gasoline. He returned to his home and splashed the gasoline on the bed which his wife and daughter occupied.

Reliable reports are that Jones spilled a portion of the gasoline on his sleeve when saturating the bed. He then struck a match and tossed it onto the bed. He then went to the bedroom door and held the door to keep his family from escaping. In the process of lighting the gasoline his sleeve began to burn and he was defeated in holding the door closed by the pain from the burning sleeve.

When Jones released the door to get relief from his burning arm it is understood that Mrs. Jones escaped from the smoke-filled bedroom. It was then that Jones is alleged to have obtained a hammer and bludgeoned Mrs. Jones to death. The child also escaped from the bedroom and suffered a like death from the hammer in the hands of her father.

Evidence from Jones story is that he then called the telephone operator and asked her to call the fire department and an ambulance. Members of the volunteer fire department discovered the bodies of the murdered pair and Police Chief J. H. Foster was called.

Reports are that Jones was calm in his discussion of the tragedy to Foster and Sheriff Bill Dunwoody. He is said to have readily admitted having committed the act and talked freely of saving his family the humiliation of his discharge from the railroad service. One report was that he talked with a fellow employee and stressed the fact that he had resigned and had not been "fired."

Mrs. Mamie Elliott Jones and little Lela Maude were buried at graveside rites at Sipes Springs, near Comanche yesterday afternoon at 2:00 p. m. with a Rising Star minister of the Church of Christ officiated.

Lela Maude will not attend her sixth grade elementary class and Mrs. Jones will not lead her Bible class at the Church of Christ.

Which one of us could have offered the encouragement that would have eased a troubled mind that had withdrawn from rational thought? Is it possible that lives might have been saved by an interest in the affairs of a troubled man?

Lions Hear of Trip From Huchingson

I. R. Huchingson, superintendent of Hamlin schools appeared extemporaneously before the Lions club at its Tuesday session and reported on his experiences at Atlantic City, New Jersey, where he attended a convention of school administrators. Huchingson described highlights of the railroad trip to the eastern convention city and spoke of the domination of the meeting by the Texas delegation.

Following the report from the school official, a film describing the obligation of a small town newspaper to its community was shown to an appreciative audience.

Homemaking Teacher On Wichita Program

Mrs. Jimmie Simmons will act as chairman of the homemaking division at the Oil Belt Teachers conference to be held in Wichita Falls March 8 and 9.

Mrs. Simmons is the only member of the Hamlin faculty who will have a part in the program to be offered.

Stanley Carmichael To Sell Mercury

Mercury automobiles are to be offered for sale in Hamlin following completion of a transaction in which Stanley Carmichael was named as dealer for that car.

Preliminary work has been done on the premises at 145 South Central Avenue and arrival of new cars is slated after completion of the remodeling job on the building.

The new firm will be known as the Carmichael Motor Company and formal announcement of its opening will be made when new automobiles arrive.

The building has been subdivided into departments on the interior and will be painted both inside and out. After completion of the remodeling, parts will be provided and a complete service department will be provided.

Fishing Weather Now Brings Lake Catches

In a talk Tuesday with F. E. Cauble, Hamlin Old Lake and Moore Lake keeper, a nice catch of crappie and bass have been caught the past few weeks.

He stated that several four and five pound bass have been caught and the new season will start March 1.

Some people create happiness wherever they go—others when ever.

All in a Year's Work

MUCH HAS BEEN DONE IN 1950 TO BUILD
A STRONGER, BETTER TELEPHONE SYSTEM
IN TEXAS

Telephone installers were busy... connecting 557,650
telephones during the year, an average of one every 57
seconds. Back of this activity was a rapidly growing
telephone system. Fifty-three new buildings were com-
pleted or started... enough dial and switchboard
equipment was installed to serve 146,000 telephones
... 131,000 telephone poles were placed... more than
1,164,000 miles of wire were added to the system.

Growth is Expensive...Gross construction cost in Tex-
as last year was \$52,623,000. That's an average of \$54.31
for each of the 980,000 people in all walks of life whose
help we must have to pay for expansion and improve-
ment of telephone service—the people who have invest-
ed their savings in the telephone system.

WE CAN'T STOP GROWING NOW

The need for telephone growth is far from satisfied. It
is imperative that we meet fully the service demands
for defense, both military and industrial. Now, as never
before, improved telephone company earnings are im-
portant—for only adequate earnings can attract new in-
vestment money needed to expand the telephone system.

when you drive FirePower

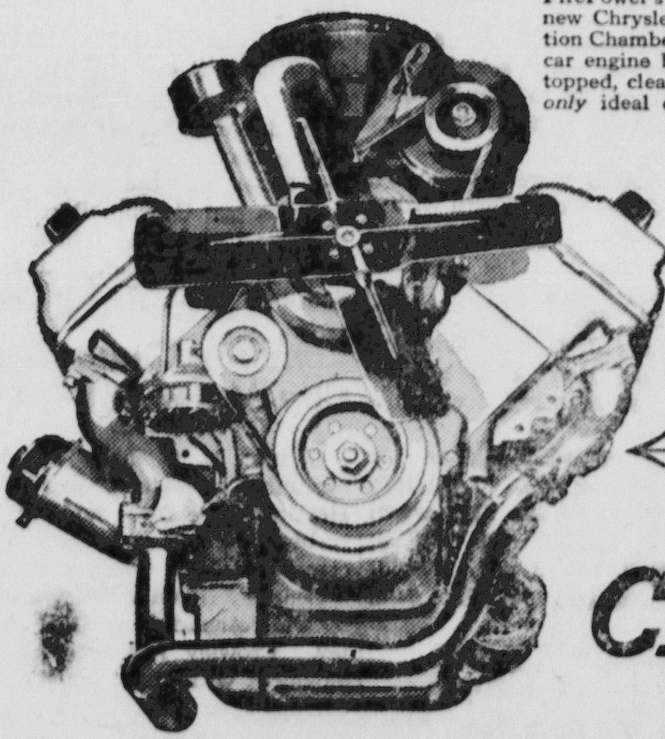

You will drive the most basically new car in 27 years!

180 HORSEPOWER

Here you see the central secret of
FirePower's unmatched ability... the
new Chrysler Hemispherical Combustion
Chamber, heart of the finest motor
car engine built today. In this dome-
topped, clean-walled area, you see the
only ideal combustion chamber in a
motor car engine to-
day... the only way
to develop full com-
bustion, full compres-
sion, full work and
value from every drop
of fuel!

FirePower specifications:
180 hp at 4000 rpm; Bore
and Stroke, 3-13/16 x
3-5/8; Piston Displace-
ment, 331.1 cu. in.; Com-
pression Ratio, 7.5 to 1.

Chrysler FirePower Finest engine
ever built
in an automobile

WHETHER you can own one this year or not... you owe yourself
a turn at the wheel of a new Chrysler for 1951. Here is basic progress
so deep and so great you will feel its impact for years to come

Here is FirePower... Chrysler's revolutionary new powerplant
which at one and the same time gives you 180 horsepower... and
the most efficient use of gasoline ever developed in a motor car. With
FirePower, you can outperform any car on the road. Yet with Fire-
Power you will have less carbon deposit, longer engine life, less need
for care and attention, than with any engine you ever owned. Here,
on all new Chryslers, is the comfort marvel of Oriflow, an exclusive
new shock absorber with over twice the shock-absorbing power of
any other car's.

Here, optional at extra cost, is the amazing new steering ease
of Hydraguide power steering, the new Chrysler "first" that removes
four-fifths of the human effort from steering. Here, with over 70
various changes this year—and with deep-down Chrysler goodness
clear through—is the most basically new car you ever drove! For the
thrill of a lifetime... come drive a Chrysler!

Cough is Flexible as Indicator of Many Illnesses, According to Temperaments

When you get nervous or tired from worry or overactivity, you are frequently aware of the pitter-pat of your heart, the depth of your breathing, and the little occasional coughs you indulge in. As automatic actions of the body, those things are going on all the

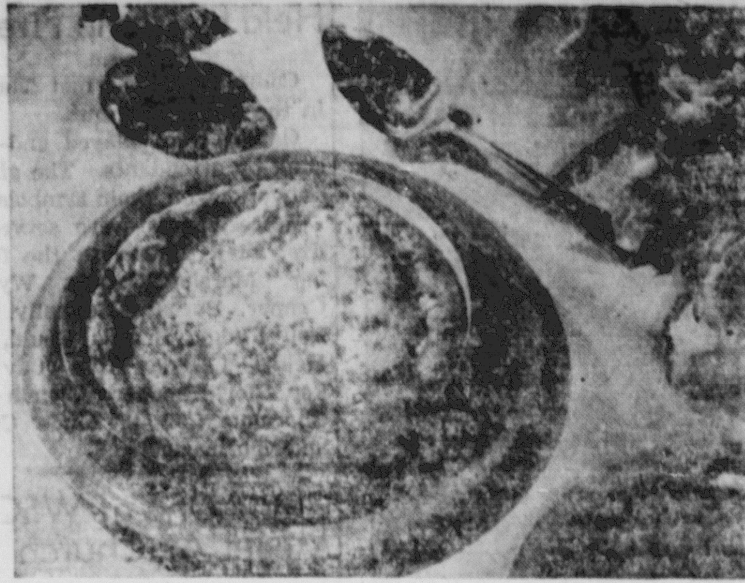

time whether you are conscious of them or not; in fact, you can work up a cough, change your breathing rhythm and detect your heartbeat anytime you might feel inclined to take over conscious control of these operations.

It's when that cough becomes a compulsion, the breathing demanding your attention, and the heartbeat thumping for recognition that you are inclined to consider them as possible signals of distress from your body.

A cough may be considered as a broad hint from the respiratory tract that it thinks it's got something it should get rid of; the respiratory tract can be wrong or course. But the cough means that air is being forced from the lungs, bronchial tubes and all the way up the tract to the mouth, in order to push along something that doesn't belong where it is. If anything is coughed up, it should be spit out; if nothing is produced by the cough, it is called a dry cough.

Dust, smoke, gas, fumes, foreign objects, infections or inflammation along these wet mucous linings of the respiratory tract may all lead to a cough. Growths along that lining may be responsible and parasites in the lungs will cause coughing. Bronchial

LENTEN ADVENTURE — CHEESE FONDUE

Lent, known as a time of abstinence—of "giving up"—marks a change in habits of living and eating. But the wise homemaker takes advantage of a change in routine. She puts fast-day foods to work in brand-new recipes!

Her menus will count heavily on cheese, milk, eggs and fish for hearty flavor and to meet the body's need for protein. Many dishes will include enriched yeast-raised bread—as a stuffing, binder or extender. Bread or bread crumbs will increase the value of dishes in which they are used. Enriched yeast-raised bread supplies energy, protein, vitamin and mineral values.

Bread has always been important during the Lenten season. For example, traditional Hot Cross Buns, rich with spices and currants, brighten many meals and the end of the forty-day fast is marked with traditional Easter breads.

For your scrapbook of Lenten dishes, and for use throughout the

year, here's an adventurous recipe with cheese, milk, eggs and bread combined for flavor perfection.

CHEESE FONDUE

2 cups soft bread crumbs
2 1/2 cups grated cheese (Cheddar or other sharp cheese)
1 teaspoon salt
1/4 teaspoon cayenne pepper
2 tablespoons minced onion
1 teaspoon dry mustard
2 1/4 cups scalded milk
4 eggs

Put crumbs, cheese and seasonings in a large bowl. Pour in scalded milk. Stir lightly. Separate eggs. Beat whites until stiff but not dry. Then beat yolks until thick and lemon-colored. Slowly stir yolks into bread mixture. Fold in whites of eggs gently; do not beat. Pour into greased two-quart casserole. Place baking dish in pan and fill pan with hot water up to 1 inch from top of casserole. Bake at 325° F. (slow oven) or until lightly brown and firm when touched in the center. Serve immediately. Serves 6.

scious of your breathing; just to start at the top, when your nose gets stopped up you don't breathe the same as normal. Fever frequently makes you breathe differently and anemia may lead to body demands for more oxygen.

Emotions may play an important role in breathing, coughing, and consciousness of heart action. That consciousness of heart action, especially, can become an emotional circle that spirals, for some reason you feel the throb of an excessively fast beating of your heart, you decide something must be wrong, you get more worried and pay closer attention to your heart, the anxiety and emotion increases the awareness of the throb, and that goes on and on.

That conscious throbbing of the heart is known as palpitation and that rapid beating of the heart is known as tachycardia. There is an old saying that the worse palpitations generally stem from the least serious causes whereas a moderate palpitation may be of more significance. A sudden step up in the rate of the heartbeat, which makes you conscious of its rapidity, may mean nothing more than excitement or nervousness, but if persistent or frequent it may be wise, or at least a relief, to have medical attention to rule out the possibility of something wrong, not only with the heart but someplace else in the body.

Aches and pains and chills and fevers are no conditions that you can normally arouse of your own volition; they are considered as broader signals of distress, signifi-

haps, than coughs, breathlessness, or consciousness of heartbeat because the latter group can be called up at the drop of a hat. It is when this latter group gets beyond your control that they fit into signals of distress, signifi-

ing medical attention is advisable. And whether they stem from physical or nervous disorders, they come under the heading than any

persistent discomfort requires medical attention. Fall in love with yourself and you won't have any rivals.

asthma, an allergic condition, usually starts off as a tight and dry cough, later becoming loose and wet, bringing up lots of sputum with each cough.

Or a cough may be produced by "something" outside of the respiratory tract, such as the swelling or protruding of some vessel or organ adjoining the tract that might push into the apparatus with which you breathe and make it think it's got something to get rid of.

Bronchial asthma illustrates a consciousness of breathing as well as the compulsion to cough. Dyspnea is the medical term for dif-

icult and conscious breathing, the kind that means you go off your automatic control of inhaling and exhaling. After a strenuous session of pitching hay, you expect to breathe heavier, and if the day is very hot, whether you pitch hay or not, you know that you breathe more consciously than in a comfortable environment.

But when the weather or the activity neither can be held accountable for difficult breathing, you are likely to seek medical advice for the cause. Any obstruction or blockage of the wet tubes or organs that make up the respiratory tract will make you con-

Laura Beth Grienecks Feted on 13th Birthday

Laura Beth Grienecks was feted last Friday with a birthday party given by her parents, Mr. and Mrs. E. W. Grienecks of 434 N. Cental.

Contests were won by Kay Holden and Bobby Brown. Refreshments of birthday cake were served to: Linda Carlton, Kay Holden, Clarice Brown, Martha Ann Bunkley, Reba Roland, Bobby Brown, Almeta Neidecken, Terry Stringer, Lusara Dean, Melvin Hames, Holly Toler, Charlotte Carson, Lavere Wilson, Beverly Harris, Archie Pardue of Stamford.

Mrs. F. E. Cauble has returned to a Rotan hospital for treatment. Her mother passed away last Monday at Abilene.

So many people need sympathy nowadays that you shouldn't waste any on yourself.

FIND HIM!—Cpl. Gerald E. Williams of Akron, O., is a hard man to find these days. Using black and green coloring on his face, he has a way of blending in with his surroundings, that makes him difficult to spot, even at close range. One tip, though, he's studying camouflage at the Ranger Training Center in Ft. Benning, Ga. In combat, he'll remove his name plate and rank insignia, to become that much more invisible.

Campfire Girls Hold Meet Friday at Hut

Aowakiya Camp Fire Girls met last Friday at the Camp Fire Hut and made plans to improve the meeting place.

The group learned new songs and a scrap book of the groups activities was started.

After cleaning the hut the meeting was adjourned.

In the good old days the man who saved money was a miser. Now he's a wizard.

Peggy Terrell, student in Abilene Christian College, Abilene, spent the week-end in Hamlin with her parents, Mr. and Mrs. Pete Terrell.

Mr. and Mrs. Bill Frederick, Clay and Mike visited in New castle Sunday.

"GIVE ME THIS '51 DODGE
for long life...dependability"

"I've driven Dodge cars for years...know from experience that you just can't beat a Dodge for **DEPENDABILITY**"

—Says Don B. Alford, Chicago, Ill.

Here's why Dodge delivers more miles per dollar

EVERYTHING about this great new '51 Dodge—the way it looks, feels, rides and handles—tells you that here's a car that's built to last. It's a car that's stunning to look at, with plenty of head, leg and shoulder room—a car engineered from bumper to bumper to last longer, go farther at lower cost.

Spent 5 Minutes With Us
Five short minutes behind the wheel will tell you why this is the car for you—for the years ahead. You'll find that the new Oriflow

Shock Absorbers not only give you a truly new kind of ride—but the resulting smoothness and freedom from wheel "hop" and "bounce" mean less car wear, prolong car life. Famous Dodge Fluid Drive, with its smoother starts and stops, "cushions" all moving parts from engine to rear wheels—adds to car life, saves tires, lowers costs.

Come in Today
See how you could pay \$1,000 more for a car and still not get all the extra room and rugged dependability of this new '51 Dodge.

NEW, KIND OF RIDE! New Oriflow shock absorbers let you float down roads so bad they stop other cars. Never before anything like it!

The 1951 Dependable **DODGE**

Just a few dollars more than the lowest-priced cars

Anyone could make thousands homeless tomorrow.

So we must be ready. We can't afford not to be! Ready with blood! Ready with people who know what to do! Ready with supplies, food and shelter!

And YOU CAN be ready to help through your Red Cross.

So give generously . . . give and give. Keep your Red Cross ready. . . ready to help whenever needed!

Oleta Faye Meeks, Jimmy Joiner Wed In Rites Held at Home of Bride Friday

Oleta Faye Meeks, daughter of Mr. and Mrs. Bailey Meeks, became the bride of Jimmy Lee Joiner, son of Mr. and Mrs. Elmer Joiner, in the bride's home last Friday at 4:00 p. m.

Rev. A. R. Posey, pastor of the Hamlin First Baptist Church, read the double ring ceremony.

Bride was given in marriage by her father.

Her attendants were: Joyee South of Hobbs, New Mexico, as maid of honor; Patsy Brown and Rose Brady, both of Hamlin, as bridesmaids. Best man was C. L. White and Buck Joiner, brother of the bridegroom and Lenard Meeks, brother of the bride, lighted the candles.

The bride wore an imported chantilly lace gown over the traditional white satin with a shirred yoke treatment, puffed sleeves and boat neckline. The full skirt was of floor length. She wore a lace shoulder length veil caught to her head with a shirred valance cap.

She carried a white Bible and an arrangement of white gardenias and a cascade of white ribbon falling to the length of her bridal gown.

Miss Brown and Miss Brady wore orchid taffeta dresses fashioned similar to the bride's gown. The maid of honor wore a yellow taffeta dress and carried a blue iris.

Ceremony was performed at a white archway entwined with white gladiolus. Candles in candelabra were on either side of the archway and the house was decorated in the bride's chosen colors of yellow and orchid.

Bride's mother wore a navy blue suit with white accessories and carried pink carnations.

Room Divider Multiplies Storage Room

BY EDNA MILES

FOR those whose dream houses are still just dreams, American furniture designers offered a number of pieces of interest in recent winter market showings.

Outstanding among these is a room divider created to serve a double purpose as partition and storage space. If your family relies upon one room for all aspects of daily living, you might find this piece useful for screening off a nook for the baby's crib, for separating a dining area from the rest of the room, or for shutting a corner kitchen from general view.

Storage space—which includes drawers, open counters, and shelves enclosed by sliding doors—is accessible from both sides.

The divider (at right) is made up of metal, dimpled and plain plywood, and plastic panels, and stands 59 inches high. It is four feet wide with panels obtainable in seven different colors, which may be combined to suit the purchaser's taste.

Also helpful to those not yet permanently settled is multi-purpose furniture. There's a trend away from living room or bedroom suites as such, and many new pieces may be swapped from room to room as they're needed.

The two-drawer night-stand that graces your bedroom today might well double as a corner table in your living room next time you shift quarters.

Junior Literary Club Holds Annual Tea Function Tuesday at First Baptist Church

Junior Literary Club hosted its annual tea at the Hamlin First Baptist Church last Tuesday at 7:30 p. m. Mrs. Edgar Boaz reviewed "Pathway to the Stars" by Edgar Kane.

Guests were greeted by Oleta Kite and registered by Susanne Hudson and Barbara Posey.

Guests were directed to the tea table by Junita Early, Marlene Goodgame and Patsy Brown. Rose Brady and Gwen Norris poured punch and were assisted in the dining room by Sarah Johnson, Bennie Eldins and Gwen Norris. During the tea hour Laura Courtney played the piano.

Club's colors were carried out in the table arrangement. The table was centered by a low crystal bowl of pink and white carnations flanked by pink candles in

crystal holders. Oleta Kite, president, welcomed the guests and presented the speaker. A total of 65 guests and members registered at the tea.

Mrs. Carlton Parker of Sweetwater spent Monday with her sister, Mrs. Milton Smith, of Hamlin.

Circle Three Meets Monday in Toler Home

Circle Three of Women's Society of Christian Service of the Hamlin Methodist Church met Monday in the home of Mrs. Holly Toler.

After song Mrs. Gilbert, circle chairman, conducted a short business session and funds were taken for care the church nursery and an agreement of \$1. per member.

Mrs. Teague, program chairman, conducted a round-table discussion of "The Health of the American Indian".

Mrs. Langford, who has attended some of the Indian rituals, gave the group the Indians regard of manners and customs.

At the close of the meeting the hostess served banana spice cake topped with whipped cream, hot tea and coffee.

Those present were: Mmes. Hackley, Gilbert, Mills, Haymes, Dickey, Taylor, Teague, Toler, Fomby, Carlton, McCrary, Langford, Newcomb.

Father may be the head of the family, but mother gets a lot of the headaches.

Sporty as her jockey cap, this pet college girl enjoys the great outdoors during her off hours from the classroom. She is wearing a sports ensemble of cotton corduroy, the season's outstanding sportswear fabric. Her outfit is made up of coordinated separates designed in green corduroy by Touraine Sportswear, the National Cotton Council reports.

Mr. and Mrs. Earl Brown, Miss Viola Avants, Miss Georgia Moore Mrs. Joe Norton and Miss Lulan Vaughn went to Rochester Wednesday night where they heard Mrs. C. E. Ball review the play, "The Rock" at the Rochester Methodist Church. Mrs. Ball, of Hamlin, is a teacher in the Rochester Public Schools.

The bridegroom's mother wore a black crepe dress with black and white accessories and carried pink carnations.

A reception was held in the home of the bride's parents immediately following the ceremony.

The table was laid with a yellow cloth overlaid with an imported white lace topping. Centerpiece was of yellow and white split carnations with yellow candles on either side.

Bride's cake was a three tiered with garlands of yellow and white rosebuds as decoration.

Doris Rodgers served punch and Oleta Kite served cake. Guest were registered by Beth White and Laverne Meeks.

For going-away the bride wore a blue tweed and accessories of black and white. She wore the gardenias from her bridal bouquet as a corsage.

Bride is a member of the senior class of Hamlin High School and is a member of the Junior Literary Club and the H Club.

The bridegroom is a 1949 graduate of Hamlin High School. After a wedding trip to Carlsbad, New Mexico the couple will live on a farm near Hamlin.

Most Housewives Now Polish Furniture Once Each Week, Report

In a spot survey conducted at Austin and seven other scattered American cities indicates that 92 per cent of the urban housewives clean their living room furniture at least once a week. The other 10 per cent clean their furniture each day.

The survey was conducted by a wax manufacturer and here are his results.

It was housewives over 50 years of age who racked up the highest score for once-a-day cleaning and housewives in the 40-50 age bracket had the lowest score.

The largest percentage—48 per cent—clean their living room furniture on an even weekly schedule, the survey concluded.

Mrs. Ella McClung Passes at Abilene

Mrs. Ella McClung, 80, long time resident of Fisher County, died last Monday at 3:00 p. m. in an Abilene Hospital.

She had lived for the past two years with a daughter, Mrs. I. V. Davis of Abilene.

Born Jane Boren in Hill County, April 20, 1870, she came to West Texas at the age of 17. The family settled in Jones County and she married J. C. McClung at Anson September 9, 1899. The couple then moved to McCauley where they remained until his death in 1924. Before moving to Abilene Mrs. McClung had lived at Trent.

Survivors include: three daughters, Mrs. Davis of Abilene, Mrs. C. B. Kniffen of Clyde and Mrs. F. E. Cauble of Hamlin; one step-daughter, Mrs. T. W. McAninch of Merkel; one brother, W. Z.

Mrs. P. A. Fowler returned home Sunday from Los Angeles, California after a six weeks visit with her daughter, Mrs. Carl Anderson.

Women have many faults, but men have only two—everything they say and everything they do.

Lester of Winston, New Mexico; 23 grandchildren and several great grandchildren.

Services were held Tuesday at 3:00 p. m. at Abilene and Rev. L. D. Regeon officiated at the Laughter-North Chapel. Burial was at Merkel.

Eight grandsons were pallbearers.

Altho she was deaf and could not hear,

She was always jolly and of good cheer,
But now that her voice we no longer hear,
We miss our darling everywhere.

It's a sign of prosperity when men's pants bag at the pockets instead of the knees.

Mrs. C. A. Simpkins of Rule and Mrs. J. G. Smith of Hamlin were shoppers in Abilene last Saturday.

WATER BOY MODERNIZED—Coach Sax Elliot of the Los Angeles State College basketball team is proving that even the job of the water boy can be brought up to date. Elliot has the team mascot roll out an oxygen tank to the players during all breaks. He says a whiff of the gas will not only help the men physically, but also give them a psychological boost. Perhaps he would call it a scientific pep talk.

Animal By-Products Need is Described

Critical shortages in animal by-products during World War II were recalled this week by Jim McDonald, manager of Central Hide & Rendering Co., in a report made The Herald.

He stated, "during that period farmers and stockmen of this area aided materially in supplying the needed greases, animal hides and protein concentrates." This was done by their reporting promptly the presence of dead or crippled stock.

Progress Made in Control of Dental Diseases Through Proper Daily Care

Progress being made in the prevention and control of dental disease through scientific and proper care daily of the teeth was described by Dr. George W. Cox, state health officer, in urging the observance of Children's Dental Health Day, February 5.

Dr. Cox said it was with children that modern dentistry has had its greatest success in preventing tooth decay. He told of the research being done by the Division of Dental Health with sodium fluoride in preventing the tooth decay—both by fluoridation of community water supplies and the application of sodium fluoride to surfaces of the teeth by dentists.

A control test showed that in one Texas city where the water supply was fluoridated, the rate of decayed, missing and filled teeth among six year old children dropped 47 per cent in 29 months. In a nearby city where no fluoride was added to the water supply the rate remained at eight decayed teeth per child.

The Texas State Health Department recommends that teeth be brushed after every meal to remove particles of food which may cause decay-producing acids. Brushing teeth a few minutes after eating candy is especially important because acid which at-

tacks tooth enamel is formed by action of bacteria on carbohydrates, especially sugar in a few minutes.

Dr. Cox said children's 20 first teeth should be given the best of care to permit the children to chew properly, to promote facial development and to preserve the space for the 32 permanent teeth which will come in later. Children should pay their first visit to the dentist when all 20 first teeth are in and then see him each six months thereafter.

National Dental Health Day is a splendid time to resolve to do your utmost every day to see that children follow simple dental health rules and are given treatment as required for the preservation of their teeth.

Is it the high cost of living or the cost of high living that is keeping you broke?

We never did learn whether Kilroy settled down, or Richard got the door open.

Experience is what you get when you're expecting something else.

The church has also done considerable remodeling in the older portion of the church as well as install a central heating plant. Houston Walker is pastor of the church.
